What's in a Name?

WASHINGTON, May 22.—Mr. Porter, the superintendent of the census, has discovered that he has a namesake living in Indiana. In fact his attention was called to the matter by the gentleman himself, who wrote to inform Superintendent Porter that the president evidently intended to appoint him, but that he would waive all claim to the position, providing that the emoluments of the office were equally divided with him. The Indiana Porter says that he was in the Sixty-ninth Indiana regiment. He mentions this fact and others as a reason for believing that he was the man whom the president intended to have the office of superintendent of the census.

No Letter for a Year.

WASHINGTON, May 22.—Gilbert B. Borden, an agent of the treasury department at Point Barrow, Alaska, had a conference yesterday with Superintendent of Census Porter relative to his duties as agent for the census office in that distant land. Mr. Borden left last night for Alaska, and, as there is only one mail a year, he obtained such verbal instructions as he could, so that he can go on with his work in case he hears nothing more from the home office.

Anxious to Get Him Back.

WASHINGTON, May 22.—Senator Evans was accompanied to the White House yesterday by Judge M. S. Isaacs, of New York, Henry Phip and A. S. Solomons, of this city. They were merely asking the reappointment of Felix Matthews, who was for many years United States consul at Tangiers. Mr. Matthews made a good record in his defense of the oppressed Hebrews in Morocco. Now they want him back again.

Sympathy from Hawaii.

WASHINGTON, May 22.—The secretary of state is in receipt of a note from the Hawaiian minister for foreign affairs, dated April 16, last evening, a letter from his majesty the king expressing the deep-felt sympathy of the Hawaiian government and people with those of the United States in the loss of so many brave and devoted officers and seamen at Samoa. This letter has been suitably acknowledged by the president.

Going on Duty.

WASHINGTON, May 22.—Ex-Representative Lynch, the newly appointed fourth auditor of the treasury, took charge of his office yesterday. There was no show of reserve on the part of the clerks and sub-officials of the office in welcoming a colored man as chief. Gen. Shelley, before retiring, assembled the entire force of the office in his room and introduced them to Mr. Lynch.

Not Too High Wages.

WASHINGTON, May 22.—Compt Matthews has informed the commissioner of the general land office that a compensation of \$18 per day paid William Shrel for making land surveys in Oregon does not violate the provisions of the revised statutes. He thinks the amount is not too large.

Halstead En Route to Germany.

WASHINGTON, May 22.—Murat Halstead, editor of The Cincinnati Commercial Gazette, arrived in Washington yesterday. He left last night for New York, where he sails for Europe on the Augusta Victoria, Thursday, to join Mrs. Halstead and his children in Germany.

## IN DANGER OF BEING LYNCHED.

Seven Negroes in a Jail Surrounded by a Howling Mob.

CULPEPPER C. H., Va., May 22.—Seven negroes near Richardsville, this county, went to the residence of a highly respected and educated colored man last Saturday and bound him hand and foot. They then proceeded to outrage his wife. After partaking of whisky they had brought, they discovered the little 10-year-old daughter in the second story of the house, to which she had fled. They brought her down stairs and accomplished their purpose. They left the old man bound and his wife and child in a most pitiful condition, and threatened to burn the house and cut out the tongues of their victims if they divulged the perpetrators of the crime.

The helpless victims were soon found by a passing friend, and the alarm was given. A posse of whites and blacks started in pursuit and captured the villains near the scene of the assault. They were taken to the county jail, where they are guarded by a strong force. An attempt was made Saturday night to break jail and lynch them, but the guards frightened the party off. The wife is in a critical condition. She may recover, but the little child is dying. The militia has been asked for, as it is hourly expected that another attempt will be made to force the jail and lynch the men.

## CHEAP FUEL.

Pittsburg Interested in a New and Valuable Discovery.

PITTSBURG, May 22.—The interest felt here in cheap fuel is intensified by the experiment now going on at the establishment of Morehead & Brother by which pulverized coal is brought into actual competition by the process controlled by Erastus Wiman, of New York. It has been running for a week at these works with a remarkable result. It is claimed that 4,600 pounds of coal, which is alleged to be the cheapest run ever made because the refuse coal which is used costs less than fifty cents per ton.

A public test is to be made on the 27th, at which Mr. Wiman is to be the guest of the chamber of commerce in the afternoon, having been invited to address the members at their regular meeting, the subject being "A Commerce that Should be Continental."

Englishmen Get the Milwaukee Brewery.

MILWAUKEE, Wis., May 22.—It has developed as an actual fact that a deal for the sale of a Milwaukee brewery to the English syndicate is nearly consummated and it appears to be almost certain that the brewery in question is that of the Cream City Brewing company. The Cream City brewery is one of the smaller institutions of the kind in the city, but with the trade it enjoyed is said to be worth well on toward \$1,000,000, which is the price at which the sale will be made.

Will Meet in Sioux City Next.

DENVER, Col., May 22.—The Railroad Conductors' association selected Sioux City, Iowa, as the headquarters of the order. The citizens of Sioux City agree to give the order \$75,000 in cash, the order to erect a \$200,000 building upon which citizens guarantee 8 per cent. income, and at expiration of ten years if the order so desires, the citizens will take the property at the original cost price, with 10 per cent. added.

They Blew Whistles.

ST. LOUIS, May 22.—About a dozen of the younger members of the board of trade were suspended yesterday for blowing toy whistles on the floor during trading hours. The friends of the suspended members, comprising a majority of the board, withdrew and did their trading in a room on the ground floor. The seceders threaten to start a new exchange.

A Trip for the President.

CHAMBERSBURG, Pa., May 22.—United States Treasurer Huston, while on a visit here, stated President Harrison intends this summer to make a visit to his mother's birth place, ten miles from here in Franklin county. The old stone house in which she was born is still standing. She was Elizabeth Irwin, daughter of Archibald Irwin.

Epidemic of Hydrophobia.

MINNEAPOLIS, Minn., May 22.—The Journal's Red Wing, Minn., special says: A disease, supposed to be hydrophobia, is epidemic in Trimbell, Wis., and the school has been closed in the district. The children are strictly forbidden to leave home. Men have been engaged to kill the dogs in town.

Too Peaceful for Business.

CHICAGO, May 22.—The Western Arms and Cartridge company, which failed last Saturday by the entry of a judgment against it for \$163,000, made a voluntary assignment yesterday. The assets are said to be \$110,000 and the liabilities \$80,000.

A Business Block Burned.

ROME, N. Y., May 22.—The Miller block, in Clinton, was burned early this morning. Other buildings were damaged. Loss, \$12,000; insurance, \$6,300. The origin of the fire is supposed to be incendiary.

Chinaman Killed By Another Chinaman.

SAN FRANCISCO, May 22.—Chen You, a Chinese cigar maker, was literally hacked to pieces to-day by a hatchet in the hands of another Chinaman. The cause is unknown.

Well Known Actress Dead.

NEW YORK, May 22.—Miss Maude Wentworth, a well known actress and a pupil of Mrs. Emma Waller, died in this city recently.

Toy Dealer Assigns.

CHICAGO, May 22.—Charles A. Herby, dealer in toys, assigned yesterday. Assets and liabilities are about \$25,000 each.

## France and America.

How the Two Republics View Each Other.

MR. WHITELAW REID IN PARIS.

He is Presented to President Carnot and Heartily Welcomed—King Humbert at the French Capital—Other Selections From the Batch of Cable News.

PARIS, May 22.—Mr. Whitelaw Reid, the new American minister, yesterday presented his credentials to President Carnot. In his speech to the president Mr. Reid alluded to the pleasure he experienced at being America's representative to France during the latter's centenary celebration, and assured the president that the most cordial feelings were maintained in the United States for France.

President Carnot, replying to Mr. Reid, said that there existed between France and the United States traditions which imparted relations of an especially agreeable character. The coincidence of the celebration of the centenaries of the inauguration of Washington and revolution which gave birth to Republicanism in France, both occurring in 1889, added another link to those relations. In conclusion M. Carnot said: "Mr. Reid you will find from the French government and from all Frenchmen a cordial greeting. Pursuing the common idea of democratic progress and social justice the two nations cannot cease to understand one another. On grounds of international relations your task is therefore an easy one. Monsieur minister, you are welcome among us."

Thousands of People Starving.

LONDON, May 22.—The details of the floods in Bohemia now coming in confirm the worst reports hitherto received. The country in the vicinity of Pilsen is one vast lake, and the crops are hopelessly ruined. Thousands of persons are thus reduced to the verge of starvation, and many must die if help is not immediately forthcoming. The crops in the southern provinces of Russia are fully equal to those of last year, and some regions promise even a better yield. Agricultural labor, however, is very scarce, and it is possible that the average may be reduced by insufficient tillage and inability to gather the matured crop.

The King in Berlin.

BERLIN, May 22.—The suite of apartments in the royal palace assigned to the use of King Humbert, look out upon the Lustgarten, and as much of the open space facing the windows as the police will permit to be occupied, is constantly crowded with persons, eager to catch a glimpse of the Italian monarch. King Humbert will go to Charlottenburg to-morrow to place a wreath upon the tomb of the late Emperor William, and on Saturday he will visit the exhibition of appliances for the prevention of accidents, on which occasion the public will not be admitted.

A Military Convention Will Be Held.

LONDON, May 22.—The Tageblatt, referring to King Humbert's visit, declares that a military convention between Germany and Italy will be signed by the king and kaiser during the former's stay in Berlin, with a view to the possibility of the occurrence of war between one of the signatory parties and France. In connection with this statement it is significant that several Italian military officers of high rank have arrived in Berlin incognito, probably to discuss details of the convention.

The Samoan Conference Work.

LONDON, May 22.—The Post's Berlin correspondent says that the chief points of final protocol of Samoan conference are: First that the government of Samoa be arranged upon a tripartite basis, England being accorded a position similar to that of arbitration. The second point of importance is that dealing with a land commission. England will have a large influence in the appointment of a supreme judicial functionary.

The Strike Renewed.

BERLIN, May 22.—The Dortmund miner have represented to the strikers' committee that the mining managers are not fulfilling the promises they made to the strikers as an inducement for them to resume work. The committee has, therefore, ordered the strikes to be generally renewed. An immense mass meeting of miners was convoked by Committeeman Bunte this afternoon.

The Shah of Persia in Moscow.

MOSCOW, May 22.—The Shah of Persia arrived to-day and was welcomed in the name of czar by Prince Dolgoroff. The Persian king will remain three days at the winter palace in St. Petersburg, and proceed thence to Paris.

Ohio Democratic Convention.

COLUMBUS, O., May 22.—The Ohio Democratic state central committee met here yesterday afternoon to determine the place and time of the Democratic state convention. Every district was represented and Chairman J. A. Norton, of Tiffin, presided. After the presentation of the terms of various cities for the place, the balloting began. The first ballot stood: Dayton 8, Cleveland 5, Toledo 4, Columbus 3. On the fifth ballot Dayton was successful by a vote of 13 to 9 for Columbus. The time was fixed on August 27 and 28, with one delegate for every 500 votes cast for Cleveland.

Riot at Forest City.

LITTLE ROCK, Ark., May 22.—The town of Forest City was again thrown into a state of excitement last night about 10 o'clock by an engagement between three guards and a crowd supposed to be negroes.

## A WHITECHAPEL VICTIM.

The Story of Annie Chapman, as Told by Her Sister.

LONDON, May 22.—The history of one of the Whitechapel victims of Jack the Ripper is a sad illustration of the fearful power of inherited alcoholism. It appears that there were four or five children in the family. The parents were intemperate. It is the sister of the poor creature who tells the rest. The unhappy woman had unfortunately inherited the craving, and before she was 14 had taken to drink. The others became converted, and did all in their power to cure their sister, but it was of no use. The sister at length married comfortably and children were born. But the craving for drink grew greater and greater and at length she was sent to a home for enebriates, where she stayed for a year. She left apparently, said the sister, a changed woman.

Soon after, however, her husband caught a severe cold and before going out one morning drank a glass of hot whisky—taking care, however, not to do so in the presence of his wife. Then, as was his custom, before leaving he kissed his wife. At once the fumes of alcohol passed into her, and in an hour she was a drunk and roaring woman. She went from bad to worse, and at last left her husband and children, one of them a cripple through her drunkenness. The husband died two years ago a white-haired and broken-hearted man, though only 45 years of age. "Need I add," said the sister in a letter, "what became of her? Her story is that of Annie Chapman, one of the recent Whitechapel victims. That was my sister."

## FEMALE MINISTERS.

Woman Authorized to Perform the Marriage Ceremony.

CLEVELAND, O., May 22.—Rev. Mrs. Ellen Rinkle, a regularly ordained minister of the United Brethren church at Wooster, O., is probably the first woman ever authorized to perform marriage ceremonies. Rev. Mrs. Rinkle made application to the probate judge of Wayne county a short time since for a license to perform marriages.

The judge refused to grant it until he had consulted the attorney general of the state. That official refused to give an opinion, and the judge, being unable to find any law prohibiting the issuing of a license, proceeded to grant one. Mrs. Rinkle will tie her first nuptial knot within a few days.

## MINERS' TROUBLES.

The Strike in the Brazil, Indiana, District Still Continues.

BRAZIL, Ind., May 22.—The strike of block coal miners continue. The mines are all shut down and an unusual stillness prevails. Fortunately they are no orders for coal, hence no attempt is making to start the mines, and no violence is threatened.

The bituminous miners working on contract until June 1 may strike, as a reduction in price of block mining means a reduction also for them. If the strike continues long machines will be introduced where they are not now in use, although in the past year they have displaced thousands of pick miners.

Arrested for Sending a Challenge.

BIRMINGHAM, Ala., May 22.—William Wilson, a white man who owns a barber shop, is in jail for sending John Volmar, another barber, a challenge to fight a duel. Wilson sent his challenge through the mail, and it was for a duel to the death with pistols, at ten paces. Before Volmar found a second the sheriff heard of the challenge and arrested Wilson. Sending a challenge is a felony in this state, and the lightest sentence is two years in prison.

Editors on an Excursion.

WABASH, Ind., May 23.—An editorial excursion party, including editors from Indiana, Michigan and Illinois, arrived in the city from the south via a special train on the Cincinnati, Wabash and Michigan railway. The visitors passed an hour in seeing the sights here, and were driven about the city by members of the board of trade. The journalists were highly pleased with the city and their reception here.

A Disastrous Blast.

SHELBYVILLE, Ind., May 22.—John Neal was instantly killed at the quarry of John Scanlan, at St. Paul, yesterday afternoon, by the explosion of a blast which the workmen thought had gone off. Timothy Raradon had both arms broken, face mashed into a jelly and will die.

Musical Convention.

PETERSBURG, Va., May 22.—The eighth annual musical convention and the sixth annual musical festival began here yesterday. Delegates were present from all parts of Virginia and North Carolina. Hayden's oratorio, "The Creation," was rendered last night.

Saloon Legislation in Connecticut.

HARTFORD, Conn., May 22.—The house of representatives has indefinitely postponed the bill limiting saloons in license towns to one for every 500 inhabitants, which had passed the senate.

Prohibition Defeated in the Illinois House.

SPRINGFIELD, Ill., May 22.—In the house yesterday the bill to prohibit the manufacture or sale of liquors in this state was defeated by a vote of yeas 55, nays 62.

INDIANAPOLIS, Ind., May 22.—The district attorney yesterday dismissed eleven indictments returned by the last grand jury against election law violators.

Drowned While Bathing.

JACKSONVILLE, Fla., May 22.—Warren Touch, of Newark, N. J., died to-day while bathing in the surf at Pablo beach.

# DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
**ROSSER & MCCARTHY.**  
 Proprietors.

WEDNESDAY, MAY 22, 1889.

THE Scott County Republicans want A. M. Swope to run for State Treasurer. The convention comes off at Louisville to-day.

REFERRING to the present State administration, the Fulton Fultonian says: "With all the blow and boast of the Republicans, not one of them has had the cheek to attack the doings of the grand old Governor." There are excellent reasons for this. They know Governor Buckner has done his whole duty.

THERE are 2,000 coal miners on a strike at Brazil Ind., and their brethren in Pennsylvania are having a hard time of it. An exchange remarks that such a state of affairs will exist until the mine-owners get back the "boodle" Quay fried out of them last fall. And, of course, they will not get this from Quay. The miners will have to pay it by working for lower wages.

THE report comes from Washington City that Col. William Cassius Goodloe has intimated to Secretary Blaine that under the circumstances he can not afford to accept the Russian Mission, if tendered. It is said that his disinclination to go abroad is based upon his limited resources and large family. The fight for the Collectorship in this district is not settled yet, it seems.

THE Court of Claims a year ago made an appropriation of \$30 for the benefit of "Nellie Stockton," a pauper, and placed the money in the hands of Deputy Sheriff J. C. Jefferson. Mr. Jefferson didn't know any person of that name and searched high and low for her, but no Nellie Stockton could be found. He reported the fact to the Court yesterday, and none of the Justices could give any information as to the whereabouts of the alleged pauper. The money has been paid back into the treasury, and the county is that much better off. The case doesn't reflect any credit on the Justices. It certainly looks like they are acting just a little too hastily in the transaction of some of their official business, especially in these appropriations to paupers scattered about over the county. A few years since we believe there were not to exceed half a dozen paupers drawing any money from the county, aside from those in the infirmary. But the list has steadily increased until the appropriations placed in the hands of committees for alleged paupers now amounts to a considerable item annually. And the matter is becoming worse every year. Many new paupers have been added to the list at the present term of Court. A halt will have to be called before many years, and now is as good a time as any. The county has an infirmary for people who haven't any support and who are not able to make a living.

## County Court.

Annual reports of the Strode's Run, the Horse Shoe, the Pleasant Ridge and the Minerva & Beasley Creek turnpike companies were produced and filed.

Hupert Perrant, Frank Bigger, Joseph Perrant, August Perrant, Joseph Perrant, Jr., and Fred Adams, natives of Germany, but who came here when minors, declared their intention to become citizens of the United States.

Adam Wolff and Adam Adams, natives of Germany, took the oath of allegiance and was admitted as citizens of this country.

## Railway News.

Colonel Bennett Young, President of Louisville Southern, carries \$100,000 life insurance.

Track-laying on the Kentucky Midland is finished between Georgetown and Frankfort, and that part of the road will be opened for business the 1st of June.

Donald McDonald, the newly appointed Assistant General Manager of the Chesapeake & Ohio road, is the youngest man in the country holding such a position, being but twenty-five years of age.

## Stock, Field and Farm

The small locust bloom this year indicates a short corn crop, according to the oldest inhabitants.

W. L. Crabb, of Eminence, has sold the trotter Banner Boy, 2:25, for \$5,000, to a New York party.

The two American trotters, Spofford and Governor Hill, landed safely in Buenos Ayres, after a voyage of forty-seven days.

Aberdeen, the most valuable stallion in Gen. Withers' stud, at Lexington, got out of his stable Monday and was kicked to death by other horses. Aberdeen was the sire of Cook & Clay's fast three-year-old filly, Abby V.

The Anderson News says: "Our countryman, David Mountjoy, sheared from 35 sheep, 357 pounds of wool, which he sold for 25 cents a pound all around. He also has eighteen ewes that have 35 living lambs. They are pure Cotswold."

mistake, or unwittingly does some fellow  
a wrong, there are ten thousand tongues  
and pens to shout his mistake or misfor-  
tune into his ear; but he seldom hears of  
the myriad of favors he bestows, of the  
thousands of opportune boosts he gives  
public and private enterprises—these are  
usually left for time and the good Lord to  
repay."THE Grand Commandery of Knights

## MARRIED FIFTY YEARS.

Mr. and Mrs. A. J. Whipps, Former  
Citizens of Mason, Celebrate  
their Golden Wedding.Mr. and Mrs. A. J. Whipps, of Cov-  
ington, celebrated the fiftieth anniversary of  
their marriage Monday evening.The couple were married May 20, 1839,  
at the residence of the bride's father near  
Germantown, the venerable Elder Rick-  
etts, of this city, officiating. Mrs.  
Whipps' maiden name was Elizabeth  
Adamson. The attendants were Mr.  
Madison Dimmitt and Miss Johnson, Mr.  
George Hamer and Miss Elizabeth H.  
Rudd.The Commonwealth says: "The years  
have been frosty but kindly with Mr. and  
Mrs. Whipps. There is a crown of silver  
on the groom, but on the bride not even  
one streak of gray has found lodgment,  
and certain it is that there is no age in  
the hearts of either, and nothing withered  
there.""There were hosts of relatives from  
Mason and Bracken and from Covington;  
and troops of friends and letters and tele-  
grams from those who were bid to the  
happy event, but who were prevented by  
distance or other circumstances from be-  
ing present. Among the latter was the  
venerable Elder Ricketts, of Mason  
County, who performed the marriage  
ceremony. His letter of regret was filled  
with the pathos of those who, looking  
back to the past, see the faces of the old  
friends and kin who have passed to the  
other world, and who themselves are  
waiting for the summons to go.""Mr. Whipps was born in Mason  
County, and was the son of William and  
Celia Finch Whipps. His mother was  
the first child born in the Block House  
built where Lexington now stands, and  
where she was raised in the wilderness  
until her marriage, when with her hus-  
band, she moved to Mason County, near  
Germantown.""Mrs. Whipps was born in Mason  
County, and was the daughter of Colonel  
John Adamson, who married Miss Sarah  
Rudd, of the same county, a sister of the  
late Gen. John R. Rudd, and of the ven-  
erable Peter Rudd, Esq., still a hale and  
hearty resident of Augusta. Colonel  
Adamson served with distinction in the  
war of 1812 and died at the early age of  
forty-five.""Of the attendants at the wedding of  
fifty years ago not one survives. Mr.  
and Mrs. Whipps removed to Covington  
on the 7th day of November, 1863, where  
they have enjoyed the affection and re-  
spect of those whose privilege it is to  
know them. Mrs. Whipps is probably  
the youngest bride of a Kentucky Golden  
Wedding, being but sixty-four years of  
age. Mr. and Mrs. Whipps were assisted  
in receiving by their niece, Miss Ida  
Walton, of Germantown."Among the guests present Monday  
evening were Mr. and Mrs. A. R. Bur-  
gess, of this city; Mr. and Mrs. George  
Evans, of Fern Leaf; J. H. Walton, Mr.  
and Mrs. T. F. Tyler and Miss Mattie  
Tyler, Miss Ida Tyler, Mr. Walton Tyler,  
Hon. J. A. Walton, Mr. J. R. Walton, of  
Germantown; Mr. and Mrs. J. W. Evans,  
of Ripley, O.Regrets and congratulations were sent  
by Dr. and Mrs. J. W. Reed, Rev. R. C.  
Rickets and Mrs. Samuel Miner, of Mays-  
ville; Mr. and Mrs. Evan Lloyd, Mr. and  
Mrs. Madison Worthington, Mr. Thor-  
nton Norris, Mr. John Norris, Miss Susan  
Norris, Mr. and Mrs. Gus Calvert, of  
Mason County; Dr. and Mrs. Chas. Savage,  
Dr. and Mrs. E. Dimmitt, of Germantown,  
Mr. and Mrs. Robert Whipps, of Minerva.

## ALLOWED BAIL.

Henrietta McDaniel Remanded to  
Jail to Answer For Killing  
E. J. Cross.The examining trial of Henrietta Mc-  
Daniel charged with killing E. J. Cross,  
Sunday, commenced yesterday afternoon  
at 4 o'clock and ended last night. She  
was held to answer the charge at the  
next term of the Circuit Court. Judge  
Coons fixed her bond at \$1,000.The evidence for the prosecution was  
about the same as that developed at the  
Coroner's inquest. The testimony of  
Andrew Eberly, one of Cross' compan-  
ions, strengthened the case against the  
accused very materially.The accused testified and claimed that  
the shooting was accidental; that she  
had the pistol in her left hand and only  
intended to "bluff" Cross and make him  
leave; that he grabbed her by the arm  
and in the scuffle the weapon was dis-  
charged. This was contradicted by one  
or two of the other witnesses, however,  
whose testimony went to show there  
was no scuffle at the window.It was clearly proved that she threat-  
ened "to shoot Cross dead in his tracks"  
at the front window a few minutes before  
he was killed.The accused was represented by Mr.  
A. A. Wadsworth and the prosecution by  
County Attorney Newell.The accused has not been able to give  
the required bail and is still in jail.

## Proceedings of the Two Presbyterian Assemblies.

### COMMITTEE ON CO-OPERATION

Make Their Report at Chattanooga—The State of the Church—Home Missions. Foreign Languages in the Public Schools—Other Committee Reports.

CHATTANOOGA, Tenn., May 22.—The chief business of the Presbyterian assembly yesterday was the report of the committee on co-operation between the northern and southern assemblies. The report says: "The report was taken up in its various divisions and the discussion of all points involved therein was free and unrestrained. After full consideration the committee recommend to the assembly the adoption of the report as a whole."

The committee stood 15 to 7 in favor of the report.

The committee on the state of the church submitted a report recommending more careful observance of family worship and greatly deploring the neglect in this regard; recommending closer regard for the evangelization of the negro, and urging that that much good could be accomplished if white ministers would more actively work in the field. A falling off in church attendance in the larger cities at night is reported, and a suggestion made that perhaps it would be well to consider the abolition of night sessions, and hold, instead, afternoon sessions for mission work. The suggestion, however, was stricken out.

Rev. Alonzo P. Peak, of the Dutch Reformed church, presented the greetings of the church to the assembly, accepted them and responded with resolutions of regret. The committee report on the case of the Presbytery of Mecklenburg versus the synod of North Carolina sustained the synod.

The afternoon session was devoted to discussion of the celebrated Woodrow case, the point in the discussion being whether the decision of the assembly in the matter a year ago was general and its application general, or referred only to that particular case. J. C. Whaling and Dr. J. B. Adger delivered addresses arguing that the decision was special in its application, while Dr. J. L. Girardeau took opposite grounds. The discussion will be continued.

At the night session reports were received from returned missionaries as to work in their field.

### Presbyterians North.

NEW YORK, May 22.—The Presbyterian general assembly resumed its sessions yesterday. The general order of the day was the consideration of the fourth resolution offered by the special committee of the board of freedmen, was taken up. Dr. Crosby moved to strike out that portion of the resolution relating to the confidence the assembly placed in the ability of the board of freedmen, and the objectionable portion which caused the controversy between Dr. Dickey and Dr. Hemlin on Friday last. Dr. Ketchum offered a substitute to the motion of Dr. Crosby, but the hour of 10 having arrived, the time assigned for the home missions report, the debate was brought to an end.

Dr. Nichols, chairman of the committee on home missions, read his report. The report shows that the total number of missionaries is 1,592, missionary teachers 318. During the year 10,490 persons were received on profession of faith, and 6,585 by certificate; total membership is 93,188 and total in congregations 156,748. Forty-five churches during the year have become self-sustaining and 165 new ones founded. The report recommended that the sum of \$375,000 be authorized for the use of home missions.

The report was a highly satisfactory one, if the applause that followed its reading was something to judge by.

The report of the committee on emigrant population was adopted after an unsuccessful effort on the part of Dr. Hamlin and others to embody a provision that foreign languages ought not to be taught in the schools.

The report of the committee on board of aid for colleges and academies, recommending that no institution be aided, unless the bible forms part of its curriculum, was adopted.

The fourth resolution of the report of the board on freedmen was again taken up. Dr. Ketchum, of Plainfield, N. J., made a report charging the board with mismanagement, and asking for a special committee to investigate the subject and report next year. Pending debate the meeting adjourned.

### NOT ON THE CHARTS.

A Reef of Rocks of Recent Origin Sighted in the Pacific Ocean.

PORTLAND, Ore., May 21.—Capt. Noyes, of the American ship Caloma, owned in Portland and engaged in the Chinese trade, reports that when just twenty days out of Hong Kong, on his return trip, his vessel came near running upon a reef of rocks. The first officer saw something ahead which looked like a dark cloud.

"Captain, there is land ahead!" he exclaimed.

"Why, man, there is no land here," replied the master.

Looking closer they found that the mate was right. About five miles ahead loomed up three rocky islands, each forty feet in height. These islands have never been put on the charts. Why these islands have never been discovered before is hard to be explained, because the mail steamers must pass right by them on the way to Yokohama, and they are directly in the course of sailing vessels. Capt. Noyes thinks the reef is of recent upheaval.

### NOT HERE ON EARTH.

A Maryland Murderer Carries His Case to a Higher Court.

BALTIMORE, May 22.—The Sun's special from Gloucester Court House, Va., says: Joshua F. Ross, a well known lawyer and Republican politician who was on bail awaiting a second trial on the charge of killing his uncle, George Hughes, shot himself about 5 o'clock yesterday afternoon and is now dying. He went up to A. C. Rigney's room in the hotel, about 4:45. After talking with Rigney for a few moments he took a pistol from his pocket and said: "Old friend, who shall go first, you or I?" Rigney thought it all a joke and told him to kill either he choose. Rigney lit a cigarette while they talked and Ross sat in a chair near the head of the bed. Ross then put a pistol to his own head, fired, and fell to the floor.

Dr. William F. Jones pronounced the wound fatal. The hair was singed by discharge of the pistol, and the brain oozed from the wound. Few people heard the report of the pistol and none knew anything was wrong until Rigney told what had happened. Ross is said to have been drinking heavily for some days. He was up late the previous night and was very melancholy. Ross killed his uncle, George Hughes, last fall on the complaint of his, Ross's wife, that Hughes had made indecent proposals to her. He was tried and convicted in April just past, and appealed for and was granted a new trial, which was to have taken place at an early day.
